Odyssey[®]

SE20

Easy and Fun to Play is the Lowrey Way!

Lowrey's easy-play technology will empower you with the freedom to make your own music. Maybe you took some music classes in the past, or maybe you always wished you could play but never had the opportunity to try. You may be an experienced player wanting get back to your musical roots. Lowrey, with its great sounding instruments, Lowrey Magic adult classes, and L.I.F.E., a society of music lovers, is just the beginning of your new, or renewed, music making hobby. Plus, not only is making music fun, but the Music Making and Wellness Project demonstrates that a music making hobby may be good for you¹.

The Lowrey Magic Organ Course², the Lowrey Songbook, and hundreds of other popular songbook titles, utilize the color-coded music and easy-play notation³, shown on the song sheet 'In The Good Old Summertime.' Just match the melody notes, labeled on the song sheet, with the lighted ABC's above the keys on the organ. Match the keys labeled with the **Red**, **Blue**, and **Green** lights with the colored chord bars above the music. Combine Lowrey's **M.C.S.** (Music Chord System), **Auto Bass**, and **Harmony** features, and you can play using just two fingers and sound like you are using all of your fingers. Visit www.lowrey.com to find the authorized Lowrey dealer and class provider near you.
